This is the twelfth year of the Lower “8” Cycle of the world. Based on I-Jing, while the period between 1984 and 2043 (totaling 60 years) is “Fire-Wind Urn”, the year 2015 is “Thunder”.

I-Jing Analysis

I-Jing “Thunder” contains 2 “Yin’s” on top of and 1 “Yan”. “Yin” continues to dominate the world. The world continues to be very volatile, politically and economically. There would be new sources of illnesses, mostly due to food issues.

Life Chart Analysis

This year favors elements of “Water, Metal, Earth”, but not “Fire, Wood”. Hence favorable businesses remain to be Real Estate, Construction, Metals, Automobiles, Travel, Logistics, etc. There would be troubles in sectors involving Hi Tech, Textile, Education, etc.

Flying-Star Analysis

The “2-Black” star is the controlling force of this year. This is the 13th year of the 8-Cycle of the world. This star represents illness. Its element is earth. It does not favor countries in the center, such as China and Middle East countries; whereas those in the South-West and South-East regions would do well in general.

The central governing force is the “Earth-Mountain Humility” trigram. According to this trigram, positive force is rising, indicating change of policies in many countries. This will eventually bring about prosperities in the world.

The following would outline an analysis of orientations, businesses, politics, economies, climates and health, totaling 6 important factors affecting all of us.
